X. Source 1 and 2 asked for several things which I felt duty bound to nullify immediately. For example, ex-FBI agents who would plan and execute the death of TRUJILLO. I told them FBI men are not hired killers but were trained to kill only in defense of life. They asked for what they called "exotic weapons", i.e., cameras and other items that could be used to fire projectiles; a chemical that could be rubbed on the palm of one's hand and transferred to TRUJILLO in a handshake, causing delayed, lethal results (the operator to cleanse his hand immediately after the handshake); Silencers for rifles that could kill from a distance of several miles, etc.

4. My conference with Source 1 and 2 indicated to me that the opponents of TRUJILLO are nearer to positive action in eliminating him and seizing the Dominican Government than at any time in the past.
